The Chinese Being Stirred
Against Foreigners

JAPANESE ASSISTING IT

The Developments of Yesterday Indicate That Peace Is in the Far Distance—Nothing Doing in That Direction—Renewed Jap Activity.

Gunshu Pass, March 31.—Reconnaissance disclose special activity on the part of the Japanese on the west near the Mongolian frontier. It is reported that an anti-foreign propaganda is being conducted among the Chinese, who are stirred up to a renewal of the Boxer disturbances. The Hunyuanmin society of Mukden and the Kien Esai society, which is strong in northern Manchuria, are said to be working to spread this agitation among the Manchurian population and Japanese success is doing much to augment the movement. Many Chinese bandit chiefs are the leaders in numerous secret societies extending throughout China and their influence may have a powerful effect on the attitude of the Chinese government and people.

ALL PEACE TALK STOPS.

It is Given Out That the Preliminaries Were Not Undertaken.

Paris, March 31.—Whatever hopefulness the peace situation may have had some days ago, the situation is now completely changed and there is every prospect that the war will drag on again. The foregoing view of the situation was taken by parties immediately concerned. It is asserted with the authority of the foreign office and the Japanese legation.

Dr. Monoto, Japanese minister to France, says: "I tell you explicitly that there are no peace negotiations or preliminaries for initiating peace in progress at this time. On the contrary Japan is now engaged in conducting a military campaign and will resolutely proceed with that important work."

This statement can be considered authoritative.

NO ACTUAL NEGOTIATIONS.

St. Petersburg, March 31.—From all information obtainable it is certain that actual negotiations for peace are not under way but the task of bringing the belligerents together is proceeding informally through the United States and France in the persons of President Roosevelt, M. Delcasse, the French foreign minister, who have been apprised of Russia's irreducible minimum which in addition to no cession of the territory or indemnity it is believed will include a guaranty of a right of way for the Siberian railroad to Vladivostok through northern Manchuria. There possibly may be a pause before the next move.

NOT ON THE HORIZON.

Washington, March 31.—M. Jussier, the French ambassador, is of the opinion that peace is not in immediate prospect between Russia and Japan. He so expressed himself after a visit to President Roosevelt today.

CONTRADICTORY STATEMENT.

New York, March 31.—Repeated announcements in regard to the proximity of peace are confirmed, according to a Times dispatch from its St. Petersburg correspondent, on information from what is called an unimpeachable source, showing that Russia and Japan have selected President Roosevelt as the mediator, that negotiations are already in progress, and that a suspension of hostilities may shortly be expected. The dispatch says that President Roosevelt was selected on Japan's initiative.

ISLAND EMERGES OFF JAPAN.

Rises Gradually From the Sea and Is About Three Miles in Circumference.

Tokio, March 31.—Amid loud rumblings and clouds of various colored smoke, a new island gradually emerged from the sea off the island of Iwo. It has been many weeks since the first signs of the upheaval were noticed, and the inhabitants of Iwo have watched the phenomenon with an interest akin to awe.

A venturesome party of Japanese finally rowed to the new formed island and raised the Japanese flag. The new acquisition to the mikado's territory is an island 2 1/2 miles in circumference, and rises to a height of 480 feet above the sea. It has been named Nilshima.

TWO MEN SWEEP INTO SEA.

Halifax, N. S., March 31.—The Allan line steamer Sarmatian arrived yesterday after a tempestuous passage of eighteen days from Glasgow, during which her fourth officer and her carpenter were lost at sea. H. Glover, the fourth officer, and Thomas Muir, the carpenter were washed overboard on March 13, while they were securing one of the hatches.

HE IS NOT A MEDIATOR.

Washington, March 31.—President Roosevelt and the members of his cabinet conferred together today for the last time before the president goes away on his southwestern tour, and probably will not meet more than two members for about two months. It was stated authoritatively that matters in relation to Venezuelan affairs were not mentioned, nor was there any discussion of a European rumor that the president is to be designated as a mediator in peace negotiations between Russia and Japan. Authority was given to deny this report.

NEW CHIEF OF STAFF.

St. Petersburg, March 31.—It is officially announced that General Karkov has been appointed Linevitch's chief of staff in place of Sakharov, who has been transferred to the committee for the care of the wounded. Stakelberg was appointed a member of the same committee.

OYAMA MOVING FORWARD.

St. Petersburg, March 31, 1:25 p. m.—News from the front today indicates that Oyama has begun a genuine advance of his army with wings far extended. Heavy reconnaissances are being made against the Russian center, with the object of enveloping the Russian position.

JAPAN MAY DECLINE.

St. Petersburg, April 1.—The report current here last night that Japan has declined to negotiate for peace on Russia's basis, cannot be traced to any responsible source.

CHRONIC CATARRH CURED.

Miraculous Recoveries Due to New Austrian Drug.

New York, March 31.—Following quickly upon the evidence received from physicians and mathematicians in every state declaring ascato a true specific for asthma, come the many testimonials from patients cured of chronic catarrh. Very obstinate cases have yielded to 500 drops.

What especially recommends ascato is the palatableness and smallness of the dose, which is but seven drops twice daily. Requests for the drug continue to pour in upon the Austrian dispensary, 6 East 14th street, New York City, which is commissioned to supply ascato free by mail to all who write for it.

THE STOREY COTTON CO.

One of the Promoters Held in Bail of \$50,000.

Philadelphia, March 31.—On the testimony of two former employees of the defunct Storey Cotton company, Stanley Francis, accused of being one of the promoters and directors of the company, was today remanded for trial by United States Commissioner Craig with bail fixed at \$50,000.

The original charge against Francis was using mails for fraudulent purposes and he was arrested at the instigation of the postal authorities. A statement of the company's business showing assets of \$700,000 was produced by United States District Attorney Thomson and after examining it Accountant Clark said there was nothing in the cash book to show such assets. The book did show however that the company had lost \$1,178,000, but there are no indications that the sum was lost in cotton transactions.

REFORM IN CONGO FREE STATE.

Birmingham, England, March 31.—The Post says it has excellent authority for the announcement that negotiations are in progress between England and Belgium for the appointment of a joint commission to reform the administration of affairs in the Congo Free State. France, although not a party to the agreement, according to the Post, cordially approves the plan.

QUEBEC'S PREMIER RESIGNS.

Quebec, March 31.—S. N. Parent, premier of the province of Quebec, has resigned. Lomer Gouin, non-in-law of the late Count Honoré Mercier, will, in all probability, be asked to form a cabinet.

WILHELM VISITS MOROCCO

His Imposing Reception by the Sultan's Representatives.

Tangier, Morocco, March 31.—The Hamburg-American line steamer Hamburg with the German emperor aboard arrived here today from Lisbon. The emperor was awaited at the landing by representatives of the sultan and a large crowd of plain people. The emperor's landing was delayed for some time by a heavy sea, but he reached the shore at 11:45. Accompanied by a brilliant staff he rode on horseback through the densely crowded streets to the German legation. Later the emperor re-embarked on the Hamburg.

His majesty was received upon landing by Abdel Malek, the sultan's uncle, with whom he conversed for some time. A deputation from the German residents delivered an address of welcome, to which the emperor replied briefly.

The emperor was barely two hours ashore. The elaborate program for his reception and entertainment was much changed, the emperor confining himself to a visit to the German legation, where he received deputations of Germans in Morocco. The changes in plans caused much comment and disappointment. Notwithstanding the short stay of his majesty the occasion was marked as one of the most brilliant and picturesque in the history of this city.

Other surviving relatives are brothers and sisters, O. H. Christy of the county, Miles Christy of Des Moines, Ia., Mrs. Lucinda Bonner and Mrs. Thelma Kendall of Iowa.

Major Christy was a man of peculiarly sunny disposition. He had as many friends as he had acquaintances. But with all his sunniness of disposition he was a thorough business man and with his two brothers he did much for the upbuilding of the Salt River valley.

Major Christy was married at Oswego, Ill., to Miss Louise A. Bennett. Of this union there were three children, Charles B. Christy, Kate M. Christy and Fred C. Christy, all of whom are living. Mrs. Christy died five years ago.

NO DIFFERENCE TO FRANCE.

Paris, March 31.—Foreign Minister Delcasse made a significant speech in the senate this afternoon, evidently designed to meet the questions in connection with Emperor William's visit to Tangier today. The minister spoke with moderation, but his closing declaration that resistance in interested quarters would not cause France to modify her policy brought out vigorous applause.

ARREST OF A VANDERBILT.

New York, March 31.—Alfred G. Vanderbilt was arrested today for an alleged violation of the speed limit laws. A bicycle policeman chased him thirteen blocks on Madison avenue and captured him when his automobile stuck in the mud. Vanderbilt was released on a \$200 bail.

BECKWITH WAS PRESIDENT.

But the Failure of This Bank Cannot Be Laid to Him.

Lorain, Ohio, March 31.—The Citizens Savings Bank of which the late President Beckwith of the Citizens' National Bank of Oberlin was president five years ago, went into the hands of an assignee today, the result of the default of several employees. The deposits were \$314,000. It is expected that depositors will be paid in full.

Possible Compromise of Equitable Controversy

PRINCIPALS TO RESIGN

John D. Crimmins, the Leader of the Mutualization Movement, to Succeed President Alexander—Conference Has Accomplished Nothing.

New York, March 31.—Following a conference called by State Superintendent of Insurance Hendricks at his New York office today at which were present many of those directly interested in the Equitable Life Assurance society controversy, the announcement was made on apparently good authority that no agreement could be reached. The members of the so called Crimmins committee of policy holders and officers of the company attended. Later Vice President Hyde, E. E. Hartman and Elihu Root, conferred informally with Senator Depew and others. Mr. Depew subsequently said there was no announcement to be made until after another conference with Mr. Hendricks tomorrow.

The Tribune tomorrow will say: "The presidency of the Equitable Life Assurance society has been provisionally offered to John D. Crimmins. It is said, on good authority, by representatives of the Hyde party. According to the story James H. Hyde will offer to retire as vice president if James W. Alexander will agree to relinquish the presidency in favor of Crimmins."

Crimmins is chairman of the committee of policy holders who had been advocating the plan of mutualization.

THIRTY DOOMED TO DIE

The Awful List Headed by the Grand Duke Alexis.

St. Petersburg, March 31.—The authorities continue to find evidence of terrorist activity at St. Petersburg and in spite of the precautions of the police another tragedy may occur at any moment. The fighting organization is known to have on its condemnation list thirty persons, headed by the Grand Duke Alexis and Governor General Trepoft. The police are unable to discover, although many arrests have been made, the head of the movement. Only yesterday the police by chance foiled what is believed to have been a plot to kill Trepoft, by arresting a suspicious individual who was masquerading in the vicinity of Trepoft's chancellery, disguised as a messenger.

New York, March 31.—Alfred G. Vanderbilt was arrested today for an alleged violation of the speed limit laws. A bicycle policeman chased him thirteen blocks on Madison avenue and captured him when his automobile stuck in the mud. Vanderbilt was released on a \$200 bail.
